Ominous

Our calendars, solstices, every thing that does with time is based on the Mayans, by the way, their calendar hasn't been wrong yet, so not only do the Mayans predict it but also by the man named, Nostradamus, he talked about a war that kills thousands over religion and Napoleon..... 100's of years before it happen, so not only did the flawless Mayan calendar's predict it, so did Nostradamus, so this isn't just another day weird people predict. So we don't care what you say 12.21.12 will be a memorable day no matter what....
